## **VEGA G1** Streaming DAC

### ***Our classic DAC learned how to stream***

*The VEGA G1 preserves the sound you love of the classic VEGA, and adds the ability to stream from all your favorite sources of high-resolution digital music. Mix in the performance engineering, features, and looks of our G series and you've got a fantastic way to turn your hi-fi into a leading-edge digital streaming system.*

# VEGA G1 SPECIFICATIONS

<b>Streaming Input</b>	<p>DLNA media server TIDAL &amp; Qobuz Internet Radio Room Ready Spotify Connect</p>
<b>File Format</b>	<p>AAC, AIFF, ALAC, APE, DFF, DSF, FLAC, MP3, OGG, WAV, WV and WMA</p>
<b>Sampling Rate</b>	<p>PCM in 44.1KHz – 384KHz at 16 -32 bits DSD64 – DSD512</p>
<b>Streaming Platform</b>	<p>AURALiC Tesla with 1GHz quad-core processor 1GB system memory, 4GB data storage</p>
<b>Digital Input</b>	<p>Ethernet Streaming (Up to 384K/32bit, DSD512) USB Audio Device (Up to 384K/32bit, DSD512) AES/EBU, COAX, TOSLINK (Up to 192K/24Bit)</p>
<b>Analog Output</b>	<p>Balanced Output (THD &lt; 0.00015%, DNR &gt; 127dB) Single-Ended Output (THD &lt; 0.00016%, DNR &gt;124dB)</p>
<b>Internal Clock</b>	<p>Dual 72fs Femto Master Clocks Jitter-Free Operation</p>
<b>Power Supply</b>	<p>Dual Purer-Power internal linear power supply 10uV low noise design for audio circuits</p>
<b>On-Device Display</b>	<p>3.97-inch retina resolution display</p>
<b>Control Software</b>	<p>Lightning DS Room 3rd party OpenHome control software</p>
<b>Dimensions</b>	<p>340mm*320mm*80mm (W*D*H)</p>
<b>Weight</b>	<p>7.0kgs</p>
